

THE LATEST FROM QUEST ENGINEERING

INTRODUCING THE SUPERMATTE LINE

SuperMatte 3D Laminates from CABnX offer a low-sheen paint appearance in a low-maintenance product. An alternate to painted wood doors, the SuperMatte Series is available in 11 colors to compliment any décor. The SuperMatte doors are constructed from a one piece engineered core to eliminate expansion, contraction, and stress cracks in the finish. The 3D Laminate surface material is very resilient and easy to clean. SuperMatte offers the look of a painted door without the hassles and maintenance of a wood door.

Along with the SuperMatte launch, CABnX is adding 4 new door styles, including Amesbury II, Shaker Elite, Landcaster Elite, and Shaker with Ogee. The new doors are available in all SuperMatte and Contempo offerings. The new SuperMatte Series by CABnX is a great compliment to our existing quality line-up.

Contact your Quest Sales Rep today for a complete list of available colors and styles.
Or send orders to: orders@questcabinets.com

PLANT TOURS

On Wednesdays of each week, we invite you to participate in one of our Facility Tours at our Richfield and Jackson Plants. It's a great way to get a better understanding of how Quest separates itself from the competition through systems integration and the latest technological advancements. These tours have been very well received by our dealers and customers alike. So contact your Quest Sales Rep to set up a date, as we are booking quickly.

NEW SAMPLE KITS AND BROCHURE

To better equip you with all the necessary sales tools, Quest continues to offer a variety of sample kits including: 6x6 or 12x12 Linearity color sample sets and 4x6 color sample sets of Metro, Contempo and SuperMatte. We also offer 12x14 door sample sets and Linearity mini sample bases. These kits are now shipping in bright white, branded boxes that have been redesigned with our company logos. And to top it off, we now have a beautiful new brochure with large color photos showing examples of our finished products. These brochures can be custom printed with your dealer contact information.

If you are running low, please contact your CABnX Product Manager, Shelly Hagen:
shelly@questcabinets.com or 262-423-4507 direct

CATALOG UPDATES

Our CABnX Residential Catalog is currently being revised to include all of our recent product additions. The updated catalog will be completed soon and available in both a digital download and print version. Please contact Shelly Hagen with any catalog requests.

These are exciting times at Quest Engineering and we look forward to continually providing timely support to you and your customers. If there is anything we can do to accommodate your needs, or if you wish to express any comments or concerns, please feel free to contact me directly at: chris@questcabinets.com or call 262-334-4949 Ext 4499.

Sincerely,

Chris Lefeber
President/CEO
