

THE LATEST FROM QUEST ENGINEERING

TEMPORARY EXTENDED LEAD TIMES

Contempo & SuperMatte

Due to current capacity, effective immediately and until further notice, all Contempo 3DL and SuperMatte 3DL orders will be acknowledged at a 5.5 week lead time.

THE YEAR SO FAR

We are already halfway through 2018! A recap of changes so far this year:

Additions

- Dealer login on website with new easy to use order forms
- New product and an updated CLOzX catalog. It will be released August 1.
- CABnX 2020 arriving September 1st
- CLOzX 2020 arriving October 1st

Deletions

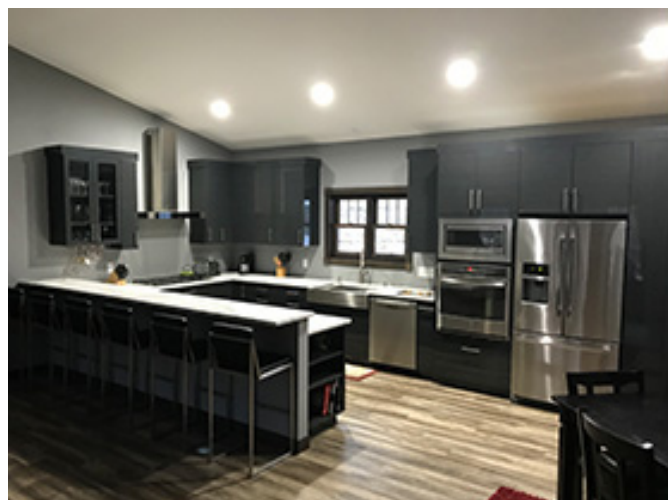

- Polished Brass and Matt brass finishes in our CLOzX catalog
- Reminder that our Architectural Casework Catalog – (HPL2000) is discontinued effective July 31.
- CABnX Commercial will replace the Architectural Casework Catalog. Please use group 3 pricing in our current CABnX catalog. There are possible laminate upcharges and different modifications for this specification. Please contact our customer service department to receive the specifications and details to price your next commercial project.
- CABnX Commercial has all the great features HPL2000 had, but the big difference is the drawer box. HPL2000 had a standard melamine box and the double drawer box that is offered is a superior drawer system. Please check out our website for all the details on the construction of the drawer box or ask your Sales Rep.
