

THE LATEST FROM QUEST ENGINEERING

A NEW STANDARD IN QUALITY DRAWER CONSTRUCTION FEATURING FULL-WIDTH DRAWERS

CABnX with its clean and subtle design fits perfectly with the trending modern cabinetry. Our new Q Box and Double Wall drawer boxes provide simple and effective storage solutions. Complementing the new drawer boxes, **full-width drawers** are standard on most cabinets with a drawer, presenting a straight-lined and uninterrupted design.

Contact us for more information on these upgrades and to experience a new level of quality for a price that's hard to beat!

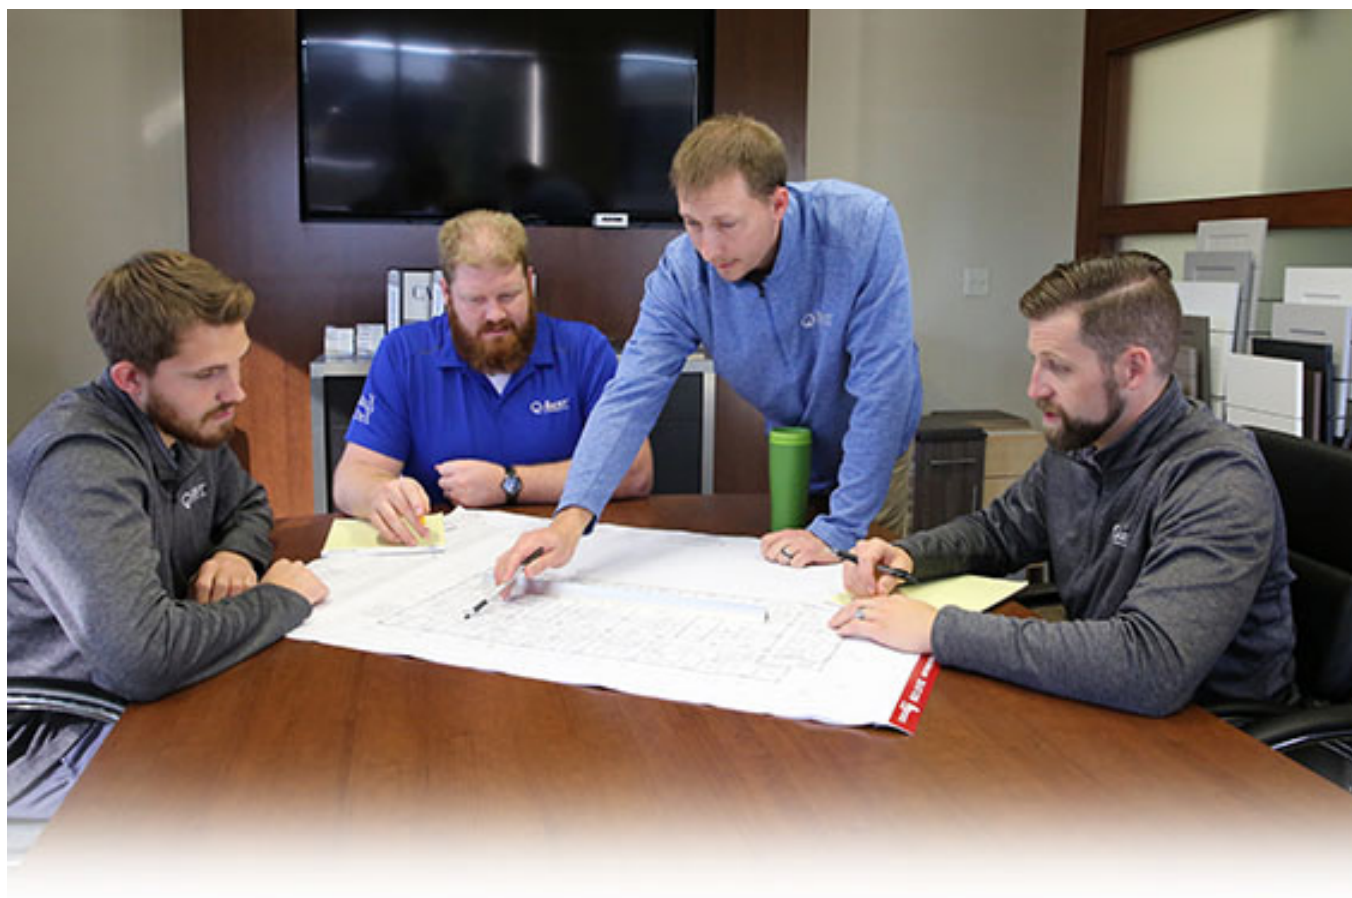

REIGN & MORENO DISCONTINUED

Effective immediately: Reign and Moreno will be discontinued in the Contempo – SuperMatte colors. Please note that change in your catalog.

CABNX KITCHEN & BATH CATALOG HAS ARRIVED

The new CABnX Kitchen & Bath Catalog is being distributed now. Please contact your outside sales rep if you have not received yours yet.

MEET OUR ENGINEERING TEAM

Todd Grebe
Director of Engineering

As the director of engineering, Todd is responsible for supplying the production team with accurate machine programs and detailed instructions to ensure that each item is produced to the highest quality standards. Todd and his team are also responsible for creating accurate and detailed drawings to the customer to ensure we are producing exactly what the customer is expecting. With his background in CNC machine programming and AutoCAD, Todd is well suited for this dynamic role.

Todd is the proud father of two young daughters, Lily and Aria. He enjoys time socializing with family and friends and also loves to spend time outdoors hunting and fishing. Todd also loves to cook, especially when he can fire up his smoker.

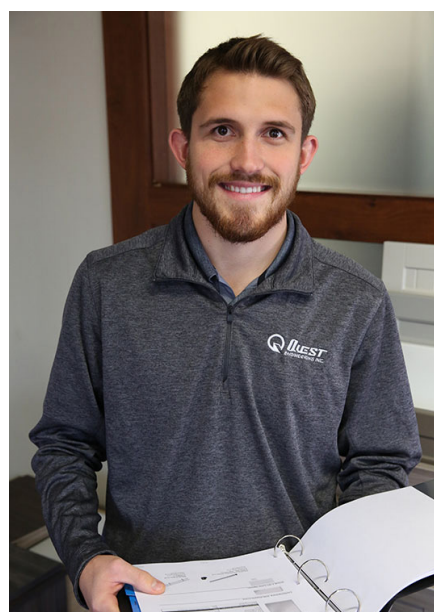

Jared Black

Jared has been in the woodworking industry for 11 years. When he is not engineering or managing another Quest project, he loves spending time outdoors, and traveling the world with his wife.

Ryan Kritz

Ryan has been in the industry for the past 12 years and counting. Before custom cabinets he was a finish carpenter for 5 years. Now he is expanding his future with Quest as an engineer and project managing jobs. He enjoys the outdoors, working on his classic car, and spending time with his girls at home.

Cory Burns

Cory has been actively involved with Quest Engineering for six years now. From his start of sweeping floors and cleaning the shop, he has become an engineer. Quest has given him a purpose to pursue his dreams, take on and execute new tasks, and the chance to build and make new relationships. "I love coming to work and being able to achieve a positive result with the whole Quest team, as we all put our hearts into our products." When he's not at work he loves spending time with his fiancé and dog, enjoying the great outdoors or out on the golf course.

If there is anything else we can do for you at this time, or if you wish to express any comments or concerns, please feel free to contact me directly at: chris@questcabinets.com or call 262-334-4949 Ext 4499.

Sincerely,

Chris Lefeber
President/CEO
